## For Constipation A Medicine That Does Not Cost Anything Unless It Gives Satisfactory Relief.

If you suffer from constipation in any form whatever, acute or chronic, we will guarantee to supply you medicine that we honestly believe will effect permanent relief if taken with regularity and according to directions for a reasonable length of time. Should the medicine fail to benefit you to your entire satisfaction we promise that it shall cost you nothing.

No other remedy can be compared with Rexall Orderlies for the ease, pleasant and successful treatment of constipation. The active medicinal ingredient of this remedy, which is odorless, tasteless and colorless, is an entirely new discovery. Combined with other valuable ingredients, it forms a preparation which is incomparable as a perfect bowel regulator, intestinal invigorator and strengthener. Rexall Orderlies are eaten like candy and are not at all objectionable to the stomach. They do not cause griping or any disagreeable effect or inconvenience, and may be taken at any time, day or night.

We particularly recommend Rexall Orderlies for children and for delicate or aged persons, because they do not contain anything injurious. Unlike other preparations, they do not create a habit, but instead they come to the habits acquired through the use of ordinary laxatives, cathartics, and harsh physic, and remove the causes of constipation or irregular bowel action that are not of surgical variety.

We want you to try Rexall Orderlies at our risk. We know of nothing that will do you so much good. They are prepared in tablet form in two sizes: 35 tablets 25 cents, and 12 tablets 10 cents. Remember you can obtain Rexall Remedies in El Paso only at our stores, —The Rexall Stores, People's Drug Store and Kelly & Pollard.

Chinese laborers are to be used for construction work on the Mexico Northwestern extension. If the plans of a Chinese labor contractor hailing from Mexico City are carried out, he was at Casas Grandes recently and made a contract to supply 500 men. Mexican laborers are being worked on the job at present and a shipment of 400 scheduled to leave Juarez today. A number of them have been brought from the interior by a Mexican labor contractor. The Chinese laborers will be paid from \$1 to \$2 per day, Mexican, and are expected to go to work within 10 days.

R. M. Dudley, the contractor in charge of the extension work, is in El Paso on business, arriving from Casas Grandes last night. He states the work is being pushed as rapidly as possible. E. Rutledge, superintendent at Juarez for the Mexico Northwestern, returned last night from an inspection trip over the road.

## BODY FOUND NEAR OLD SMELTER IN JUAREZ

Unidentified Man Believed to Have Been Murdered and Robbed.

Impenetrable mystery envelopes the death of an unidentified man in Juarez. That murder has been done and that robbery followed is an only hypothesis. Not so decomposed that a knife slit across the throat was plainly discernable, the body of a well dressed young man was found Tuesday afternoon near the old smelter, three miles from the Mexican city. Official investigation of the gruesome find, made by some ranchmen, has disclosed little of value in solving the case. Shoes had been removed from the man's feet, and his hat was missing. There were no papers to disclose identity and absolutely nothing in his pockets. Neither was any weapon found near the body.

The lonely district where the body was found is the absence of any dwelling in the vicinity point that a plot resulted in the murder. From the appearance of the body it must have been exposed to the elements since Sunday at least. The day commandant of police Ponce de Leon ordered that a photograph be made of the man's features. Every means will be employed by the police to accomplish an identification.

The man was perhaps 30 years of age, evidently a Mexican, wearing an ordinary mustache. His clothes were of good quality, and he was well dressed throughout.

"What are the terms of settlement," he was asked.

## TAFT'S FRIEND STARTS A PAPER

Young Man From Washington Buys Out Tucson Citizen.

Tucson, Ariz., March 2.—The Tucson Citizen has changed hands and yesterday was issued as a Republican newspaper under the editorial management of James T. Williams Jr., who has come to this city from Washington, D. C., to reside.

Mr. Williams is not only an able newspaper man, but also a constructive Republican, and resigned his position of civil service commissioner of the United States, to which he was appointed by president Taft immediately following the inauguration of the president, because of failing health, some time ago. His residence in New Mexico and Arizona restored his health, and his belief in the southwest was so strong that he has undertaken newspaper work here.

During the campaign for president Taft's election, Mr. Williams acted as secretary to Hon. Frank Hitchcock, present postmaster general. Prior to this he was Associated Press representative at Washington and also had charge of the Washington bureau of the Boston Transcript.

Associated with Mr. Williams, who is president of the new corporation, are Hon. John B. Wright, secretary and treasurer; and Allen B. Jaynes, general manager. Mr. Jaynes was for six years owner of the Tucson Post and is a former secretary of the chamber of commerce of this city. Mr. Wright is secretary of state of Arizona.
